## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 47-70 are allowed over the prior art .

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach the external frequency modification circuitry coupled the integrated FR circuitry and comprising at least one variable capacitance device and the external frequency modification circuitry coupled to a crystal oscillatory circuit capable of generating an adjustable reference signal and based at least one or more analog frequency control signals and the integrated DAC circuitry is configured to receive one or more digital signals from the base band processor circuitry and generate at least a portion of the one or more analog frequency control signals and digital frequency control signals. These limitations in conjunction with all other limitations, have not been disclosed , taught or made obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tilahun B Gesesse whose telephone number is 571-272-7879. The examiner can normally be reached on flexible schedule.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Edward Urban can be reached on 571-272-7899.

The Central FAX Number is 571-273-8300. For patent related correspondence, hand carry deliveries must be made to the Customer Service Window (now located at the Randolph Building, 401 Dulany Street, Alexandria, VA 22314), and facsimile transmissions must be sent to the Central FAX number, unless an exception applies.
